Event Agenda Overview

Community Language Planning Workshop

Join us for a two-day interactive Community Language Planning Workshop, hosted by the Saskatchewan Indigenous Cultural Centre.

Day 1: Foundations of Community Language Planning

- Indigenous Language Revitalization – Language resources, barriers, and solutions
- Community Mapping – Identifying language assets and challenges
- Creating a Safe Space for Learners – Removing barriers and fostering engagement
- Environmental Scan – Assessing resources and needs
- Roles & Responsibilities – Understanding key contributors

Day 2: Building a Sustainable Language Plan

- Community Language Charter – Defining mission, vision, and goals
- Language Planning Resources – Exploring effective language methods and programs
- Budget Planning & Funding – Financial planning and funding research
- Open Discussion & Closing – Final reflections and next steps

This workshop offers a collaborative and practical approach to language planning, providing communities with a solid foundation to develop their own Community Language Plan.

Register today to take part in this essential step toward language revitalization!
